

TAG 'E-Z' PipeCut Magnetic

Electric Driven Magnetic Pipe Flame Cutting Machine

4" upwards

TAG's new 'E-Z' Cut portable flame cutting and bevelling machines are the economical solution for cutting and bevelling pipe from 4" upwards. The 'E-Z' Cut is small and compact, strong and reliable, used by contractors, welders and pipe fitters, equally at home on site or in the workshop.

Two sets of magnetic, electrically driven roller wheels are housed inside the body of the TAG E-Z CUT Magnetic model, these rollers (offering a magnetic absorbability force of over 50kg) ensure the machine stays in contact with the pipe as it travels around the circumference, cutting and bevelling as it goes.

The TAG E-Z CUT Magnetic Machine is rugged yet lightweight, so ideal for general use on the jobsite, or in the workshop.

The unit can be supplied to run on 110v or 230v power supplies, and utilises a speed controlled motor.

Guide Band

For guaranteed square cuts and bevels on pipes, we recommend the selection of the optional guide band system to suit the relevant pipe size(s).

Technical Specification

Part No:	EZPCMA1: 110v EZPCMA2: 220v
Power Supply	110v/220v
Pipe Diameter	100mm (4") upwards
Wall Thickness	5 - 50 mm
Torch	Harris/Victor Type Machine Torch
Cut/Bevel Angle	Variable
Vertical Torch +/-	50mm
Lateral Torch +/-	100mm
Cutting Speed	5-780mm/min
Weight	20kg / 18.7lbs
Dimensions	350(l) x 310(w) x 280 (h)mm
